

OUR TOP PRIORITY- OUR GUEST

COVID-19 AND CANCELTION POLICY

Over the last 25 years, Petrino Suites guiding principle has been to cater and care for our guests as we do for our own family. Our priority is the safety and well-being of our guests and employees. Following the declaration of the coronavirus (COVID-19) a pandemic on March 12, we would like to extend our warmest thoughts to the people who have been affected by this unfortunate event and our deepest appreciation to the healthcare workers and local communities who are fighting against the virus.

Given these unprecedented circumstances and in an effort to stop the spread of coronavirus (COVID-19), the Greek government has taken all necessary measures and some of them concern the tourism industry. According to the ministerial decision (March 14th), all the seasonal accommodation tourist units in Greece will remain temporarily closed from March 15th until April 30th.

We are doing everything we can to provide the safest accommodation to you, as we are closely monitoring the latest developments, standards and protocols related to COVID-19 issued by the World Health Organization (WHO), the Greek government, the Ministry of Health, local health agencies and public health officials. All is in place to keep your health and safety top of mind.

Below is an update of our plans for the next period of time, subject to adjustment given ongoing and unforeseeable changes.
